### Career Objective

*Dedicated and motivated Frontend Software Developer with 8 months of professional experience creating responsive and visually appealing web applications. Adept at translating design concepts into efficient and user-friendly code. Seeking to contribute expertise in HTML, CSS, JavaScript, and modern frontend frameworks to a dynamic development team.*

### Professional Experience

#### HRLYTICS PRIVATE LIMITED

Feb 2023 -Nov 2023, Front-End Developer Trainee

*Developed a comprehensive HR technology analysis tool focused on recruitment, skill profiling, talent profiling, and human analytics. The project aimed to enhance HR productivity by leveraging modern technologies and methodologies. Collaborated with a cross-functional team to conceptualize, design, and implement the application. Utilized React for the frontend development, creating an intuitive and user-friendly interface for HR professionals. Implemented the backend using Django, providing robust server-side functionality for data processing and analysis.*

### Certification

- *Wrapped Up with Certificate in Python, CSS, HTML, JAVASCRIPT, REACT by EBOX Academy*

### Declaration

- *I do hereby declare that the above given information is correct and complete to the best of my knowledge and belief.*
